MEMORANDUM

November 12, 2015

To: Board of Directors

From: Foster Hildreth, General Manager

Re: 2015 Third Quarter Financial Report

Please see attached the 2015 Third Quarter Financial Report. Revenue remains below budget at the end of Q3, as expected, the overall margin shortfall is expected to catch up to budgeted levels by year-end. The overall net margin shows a healthy increase and is greater than budgeted due to decreased expense and the effect of the revenue recovery add-on that began in Q2.

In summary, revenue is down compared to budget (Q1 + Q2 + Q3) \$475k and is more than offset by reductions in budgeted operating expense (\$1.07M). Lower power purchases contributed to expense reduction and the balance comes from cuts, deliberately delayed projects, hiring delays and capitalized construction expense (as mandated by RUS). The El Niño warming trend we have been experiencing is expected to strengthen and continue to exceed historical records through the latter part of 2016.

For more detail, please note the following key points for Q3:

- Heating Degree Days (HDD) were down 22% below normal (YTD) showing some improvement over the first two quarters due to predictably stable summer patterns. Energy / kWh sales are down by 5.3% of budget. Weather and usage fluctuations are expected to continue through the end of the year.
- Year-end kWh sales projections were lowered from 200M to 191M kilowatt hours at the end of Q3 based on performance to date and adjusted forecasts. With Q3 actuals, the projection has been adjusted to 187M kilowatt hours.
- BPA Power purchases were down by \$387k due to lower kWh consumption, in keeping with the trend.
- Energy Savings showed significant decrease in expense (\$256k) through increased efficiencies, the absence of budgeted County Fair expenditures and changes in BPA's weatherization rebate offerings. In Q4, Conservation District invoices will bring savings down to approximately \$200k.
- Please note that some deferred expense in hiring may appear by year-end as we continue to search for a new MS Supervisor.
- The revenue recovery add-on is proving an effective tool in catching up to budgeted margin targets by year-end.
- OPALCO continues to be in compliance with RUS loan covenants.
- Rock Island Communications Third Quarter Financials included on pages 16 through 18.

⁷² Note:

^{73 1} Combination of all balance sheet accounts for Island Network (department only).

² Amounts are informational only and not included in totals. To be transitioned to Subsidiary.

^{75 3} Represents the amount currently owed to Opalco on behalf of Island Network (department only).

This balance will be transitioned to the subsidiary and will be reflected in the Non-utility investment in Q4.
