

ORCAS POWER AND LIGHT COOPERATIVE

MEMBER SERVICE POLICY 4

SERVICE CONDITIONS

4.1 APPLICATION FOR SERVICE

Each member requesting service shall sign OPALCO's standard Membership and Member Information form and may be required to fill out an Application for Electrical Service for new service installation. In the absence of an application for service, the delivery or termination of service by OPALCO and its acceptance by the member shall be deemed to constitute an agreement to and acceptance of OPALCO's Member Service Policies as interpreted and administered by OPALCO's Engineering Department. Responsible parties of the property desiring new service or the alteration of existing service are required to pay 100% of the actual costs associated with the work involved. Prior to OPALCO granting the property owner new or altered service, OPALCO shall determine what property easements are required to accommodate the property owners request and ensure that existing facilities have adequate easements. Failure to provide OPALCO with adequate easements to maintain new or existing facilities will result in denial of membership.

All contribution in aid of construction (CIAC) estimates are given in good faith and are made with information available to OPALCO at the time, and with information supplied to OPALCO by the responsible party. OPALCO has the right to re-issue a contribution in aid of construction estimate if and when more accurate information becomes available. The responsible party is always legally responsible for the actual cost(s) of providing new electrical service(s). When the work is complete, any difference in the paid CIAC to actual projects costs resulting in \$250 or more will be adjusted in an as-built re-bill or refund (see Member Service Policy 5.2).

The Contribution In Aid of Construction (CIAC) includes the *estimated* costs for OPALCO to provide and install the primary facilities. Full payment of the estimated CIAC initiates a work order or service order to formalize design and begin construction. Responsible party should expect a *minimum* of two weeks, from OPALCO's receipt of payment, for any material delivery or construction activity to begin.

4.1.1 Required information includes the following:

- 4.1.1.1 Name or names of the applicants
- 4.1.1.2 Tax parcel number
- 4.1.1.3 Local contact and/or work and home telephone number
- 4.1.1.4 Billing address
- 4.1.1.5 Previous service address, if applicable
- 4.1.1.6 Date service is desired
- 4.1.1.7 Information as to whether service location previously had electric service

- 4.1.1.8 Statement as to whether applicant is the owner, tenant, or agent; if tenant, the name of the owner or property manager
- 4.1.1.9 If new service, information as to anticipated use of service and anticipated energy and demand requirements of member
- 4.1.1.10 Life support equipment, if any, to be used within the premises
- 4.1.1.11 Name and address of any third party the member wishes to be informed of any termination notice
- 4.1.1.12 If applying for service in any name other than the property owner(s), the property owner(s) shall certify the authority of the responsible party in writing to OPALCO. If this authorized responsible party is allowed to agree to placement of facilities on behalf of the property owner(s), this must also be certified in writing.

4.1.2 Proof of Identity

Each applicant for service will be required to present sufficient proof of identity to allow OPALCO to determine the identity of the person.

4.1.3 Right to Refuse Service

OPALCO may refuse to provide service to any responsible party not providing the information required by this section. The right to refuse service under this section does not limit OPALCO's right or authority to refuse service or terminate service on any other basis set forth in this member service policy. The member may be required to certify the accuracy and correctness of information provided.

4.1.4 New Member Information

OPALCO shall furnish all new responsible parties with the following information:

- 4.1.4.1 Copy of signed membership application
- 4.1.4.2 OPALCO bylaws
- 4.1.4.3 Copy of rate schedules under which member is to be served
- 4.1.4.4 Member packet

4.2 CONTRACTS OR WRITTEN AGREEMENTS

OPALCO may require a member, as a condition of service, to sign a contract or agreement acknowledging additional conditions of service. OPALCO may also require a contract as a condition of providing specific services. These contracts or agreements will normally remain with the property served and will be recorded with the San Juan County Auditor's office. As such they shall transfer to any successor property owner.

4.3 MINIMUM TERM OF SERVICE

Unless otherwise provided in a specific contract for service, the minimum term for which service will be rendered is one month of thirty (30) days.

4.4 FEES

4.4.1 Membership Fee

All applicants for service will be required to become a member of Orcas Power and Light Cooperative (see Schedule of Deposits and Charges in the OPALCO tariff book).

4.4.2 Service Charge

Each member, upon application for service, shall pay a fee to cover the initial expense of incorporating the new account data into OPALCO's billing and member records system (see Schedule of Deposits and Charges in the OPALCO tariff book).

4.4.3 Reconnect Fee

Each member applying for electric service at an existing metered location shall be charged a connect fee if OPALCO is required to set a meter. This fee will not be levied if the electricity is already on and both members agree to a meter reading resulting in no lapse in service (see Schedule of Deposits and Charges in the OPALCO tariff book).

4.5 EASEMENTS

The responsible party shall execute an easement in a form as determined by OPALCO, providing a suitable legally binding right for OPALCO's distribution lines crossing member's property to furnish the member with electric energy and/or to serve other members (see Member Service Policy 3.5.5).

4.6 ACCESS

4.6.1 Access to Premises

Any properly identified employee or agent of OPALCO shall have access to the premises of the member at all reasonable times for the purpose of reading meters, utility right-of-way maintenance, testing and/or inspecting load and service entrance equipment, repairing, removing or exchanging any or all equipment belonging to OPALCO. Service and meter locations shall be kept free of brush or other obstructions by the member at all times. Locked gates and barricades shall have an OPALCO lock in addition to the member's lock so that the gate or barricade can be opened by OPALCO.

4.6.2 Accessibility of Electric Meter

OPALCO determines the location of all facilities owned by OPALCO including the electric meter location. OPALCO shall locate electric meters in an area accessible to OPALCO employees. Access must not require opening a door, lock, etc. unless OPALCO gives written permission allowing it. The area containing the meter must have at least one open wall. Except for transformer rated meter installations, no energy shall enter a dwelling or other closed room before it is metered. OPALCO employees shall have access to member's electric meters at all times. The member is responsible for providing a clear pathway from the driveway, street or alley to the meter for monthly meter reading purposes. If the member fails to provide a clear pathway to the electric meter, OPALCO may clear the area with the cost of such clearing to be paid by the member.

4.7 ESTABLISHMENT OF CREDIT

Each member will be required to establish and maintain credit satisfactory to OPALCO as a condition of receiving service. OPALCO reserves the right to check the member's credit with an established credit reporting agency.

4.7.1 Deposits

OPALCO may require a separate deposit for each meter installed. The amount of the deposit required by OPALCO will normally be the amount specified in the Schedule of Deposits and Charges in the OPALCO tariff book. OPALCO may require a larger deposit for a new account to be set up as a business entity.

4.7.1.1 OPALCO will refund or waive the requirement for a deposit for electric service within 90 days if the applicant is able to meet any of the following requirements:

4.7.1.1.1 The applicant has previously established a good payment record with OPALCO; or

4.7.1.1.2 The applicant provides a letter or other written verification from a utility (electric, gas or telephone) which last provided service to the applicant stating that the applicant had credit history equal to OPALCO's "B" rating at the prior location, or

4.7.1.1.3 The applicant signs up for one of the automatic payment methods, either monthly payments drawn directly from their bank account or authorization to charge the monthly payments to the applicant's credit card, or

4.7.1.1.4 With the applicant's permission, OPALCO is able to obtain a favorable reporting for one of the credit reporting agencies, or

4.7.1.1.5 The applicant is the owner or purchaser of the property.

4.7.1.1.6 The applicant provides a third party guarantee. Since a third party guarantee is a transfer of liability from one party to another, the acceptability of the third party guarantor is at the sole discretion of OPALCO. The third party guarantor shall be an active OPALCO member and must have established credit under similar usage and amounts. The third party guarantor must acknowledge their responsibilities in writing. The third party guarantor may revoke the guarantee by giving OPALCO thirty (30) days notice in writing and OPALCO may then collect a deposit regardless of the payment record of the account. The third party guarantor will remain liable for all amounts until the effective date of the revocation.

4.7.1.1.7 In the case of a business, please refer to the Schedule of Deposits and Charges in the OPALCO tariff book.

- 4.7.1.2 OPALCO will issue to the applicant a written receipt for the amount of the deposit. OPALCO will not require a member to produce a deposit receipt in order to receive a refund of the deposit.
- 4.7.1.3 Unless otherwise requested by the member, OPALCO will apply the deposit to the residential account within 30 days after the earlier of:
 - 4.7.1.3.1 Twelve (12) months continuous service if the member has not received more than one disconnect notice, has not had more than one NSF check, and has not been disconnected for non-payment during the previous twelve (12) month period; or
 - 4.7.1.3.2 Termination of service, to the extent the deposit amount exceeds any balance due the utility for electric service and late fee for that account.
 - 4.7.1.3.3 If the billing is current at the time of review, the member may be issued a check for payment of the deposit refund.
- 4.7.1.4 OPALCO may institute or adjust a deposit for an established member consistent with Section 4.7.1 if the member becomes delinquent in payment. See Member Service Policy 7.5.8.
- 4.7.1.5 OPALCO will provide deferred deposit payment arrangements in cases of residential economic hardship. OPALCO may disconnect a member in accordance with Member Service Policy 7.5 if the member does not maintain the agreed upon deposit payment arrangements.
- 4.7.2 Interest on Deposits
OPALCO will not pay interest on deposits.
- 4.7.3 Deposits To Be Applied
Upon disconnection of service, OPALCO will apply all held deposits towards payment of the member's outstanding balance. The member will continue to be liable to OPALCO for the balance.
- 4.7.4 Former Indebtedness Paid
If a former member, or person responsible for debt, who is indebted to OPALCO attempts by some agency, relationship, or otherwise, to obtain service, OPALCO reserves the right to refuse service until payment is made of all money due.
- 4.7.5 Not to Receive Benefit
A person who has been disconnected for non-payment of a bill may not receive benefit of service by having the account transferred into another name if there has been no change in occupancy in the location.

4.7.6 Disconnect Requested By Others

At the request of a landlord who has the account in his name, OPALCO may refuse to initially connect a tenant's electric service. OPALCO will not disconnect a tenant who holds the account in his name at the request of a landlord. OPALCO will reconnect a tenant who has been disconnected for non-pay if the tenant makes acceptable payment arrangements.

4.8 APPLICABLE RATE

Where more than one rate schedule is applicable, the applicant shall be advised of the lowest applicable rate.

4.8.1 Alternate Rate Schedule

When a member desires service on an applicable rate schedule other than that on which he is being billed, he shall so notify OPALCO in writing and, after review, the change in schedule will become effective after the next regular meter reading. Unless there has been a change in use, rate class changes shall remain in effect for twelve (12) months.

4.9 RESALE OF ELECTRICITY

The member shall not sell to others any of the electric service furnished by OPALCO.

4.9.1 Master Meters/Sub-Meters

No service will be supplied through a master meter for sub-metering for resale. This rule does not prohibit a landlord or manager from including a fixed amount as part of the rental charge to cover the cost of electric service to marinas or rental units.

4.9.2 Combined Billing

The rates set forth in the individual rate schedules are based upon the supply of service to one member through one meter on one premise and service measured through two or more meters on the same premise will not be combined for billing purposes. Upon request of an applicant, OPALCO may install more than one meter, but in such instances the bill for service through each meter will be computed separately and billed in accordance with the applicable rate schedule.

4.9.3 Multiple Occupant Commercial Buildings

Primary service will be supplied only to one location for each building. All metering and service entrance equipment will be located at this point. Each separate commercial unit separated by permanent load-bearing walls must be metered separately. No master metering will be permitted. Laundry, furnaces, and other common use areas will be metered and charged according to the appropriate rate schedules.

4.9.4 Marina Service

Marinas, boat floats or moorings are metered at the point of delivery. The serving transformer's secondary lugs shall not be extended beyond the shoreline and be located no closer than five (5) feet horizontally above the electrical datum plane. These services shall be billed under the appropriate commercial schedule.

The moorage owner may either install an OPALCO approved master meter base or meter the individual slips with an approved OPALCO meter. In both of these cases, the point of delivery shall remain the secondary lugs of the serving transformer, but OPALCO will read the meters and bill the individual slips under the appropriate marina service tariff.

Slips which are occupied for residential purposes shall be billed under the residential schedule only if an OPALCO approved and installed meter is metering the slip. The moorage owner is responsible for all maintenance from the shoreline transformer secondary lugs.

NOTE: Electrolysis may be a major problem for those receiving electric service in the marine environment. Isolation transformers or other means to prevent or reduce electrolysis are the sole responsibility of those taking service. OPALCO assumes no responsibility for electrolysis or similar problems.

4.10 PROTECTION OF OPALCO PROPERTY

The member shall be responsible for the safekeeping of OPALCO's property on his premises and shall take all reasonable precaution against unlawful interference with OPALCO's property.

4.11 TAMPERING WITH OPALCO'S PROPERTY

In order to protect its equipment and service, OPALCO may seal the service switch and/or other devices or enclosures on the member's premises to prevent access by unauthorized persons. The member shall not in any way interfere with or alter the meters, seals, or other property used in connection with rendering electric service, or permit same to be done by others, other than the authorized agents or employees of OPALCO. Damage to or loss of this OPALCO property shall be paid for by the member. Damage to or removal of OPALCO's meters, seals or other property may be considered sufficient reason for discontinuance of service to a member until OPALCO has received satisfactory assurance that its equipment will be free from future interference and until all damages, fines and bills for metered or unmetered electricity have been paid.

Randy J. Cornelius, General Manager

Effective Date: January 18, 2007
