Re: 2024 First Quarter Financial Report

The 2024 first quarter financial report is posted online and included under separate cover. The first quarter results are consistent with the budget. Included in the report package are the Statement of Revenues and Margins (along with a notable driver analysis), Balance Sheet, Statement of Cash Flows (GAAP), and capital projects budget tracking.

The energy charge adjustment (ECA) collected a net \$66k from the membership through Q1 2024 which was driven by an increase in power costs in Q1 of \$346k. Overall operating revenue was higher than the budget, corresponding with higher kWh sales.

The table below presents the projection of full-year 2024 financial results using actuals from Q1 and budget projections for future months.

* The ECA collected \$66k from members through March 2024.

For more details, please note the following key points:

- Heating Degree Days (HDD) were ~13% below budgeted levels (actual of 481 vs. budget of 550). Overall kWh sales were ~8M kWh above budget (76M vs. budget of 68M).
- 2024 power purchases were \$346k higher than budgeted due to higher overall kWh purchases. Actual kWh purchases were 6.9M kWh above budget (78.5M vs. budget of 71.6M).
- Excluding purchased power, 2024 operating expenses were approximately \$508k under budgeted amounts. See budget notable drivers within the financial packet for specific account details.
- The ECA for Q1 2024 was a net charge to members (and increase to operating revenue) of \$66k, or \$3.28 for a member using 1000 kWh/month.
- Rock Island Communications 2024 Financials included in separate packet.

OPALCO 2024 Financial Package under separate cover.
