Re: 2025 Second Quarter Financial Report

The 2025 second quarter financial report is posted online and included under separate cover. The second quarter's results are consistent with the budget. Included in the package are the Statement of Revenues and Margins (along with a notable driver analysis), Balance Sheet, Statement of Cash Flows (GAAP), and capital projects budget tracking.

Overall operating revenue was lower than budget, driven by the ECA, which returned ~\$818k to members through June. The ECA credit was driven by slightly increased kWh sales (up 2.4%) in relation to lower comparative power costs of (\$440k).

The table below presents the projection of full-year 2025 financial results using actuals from Q2 and budget projections for future months.

Income Statement Summary	2025 Projection (actuals for prior months)

^{*} The ECA returned a net \$818k to members through June 2025.

For more details, please note the following key points:

- Heating Degree Days (HDD) were ~19% below budgeted levels (actual of 695 vs. budget of 863). Overall kWh sales were ~2.8M kWh above budget (119.2M vs. budget of 116.4M).
- 2025 power purchases were \$440 lower than budgeted, driven by a lower average cost per kWh than budgeted from our power supplier, while actual kWh purchases were right on budget at 122.7M.
- Excluding purchased power, 2025 operating expenses were approximately \$836k under budgeted amounts. See budget notable drivers within the financial packet for specific account details.
- The ECA through Q2 2025 was a net credit to members (and decrease to operating revenue) of \$818k, or \$33.38 for a member using 1000 kWh/month.
- Rock Island Communications 2025 Financials included in separate packet.

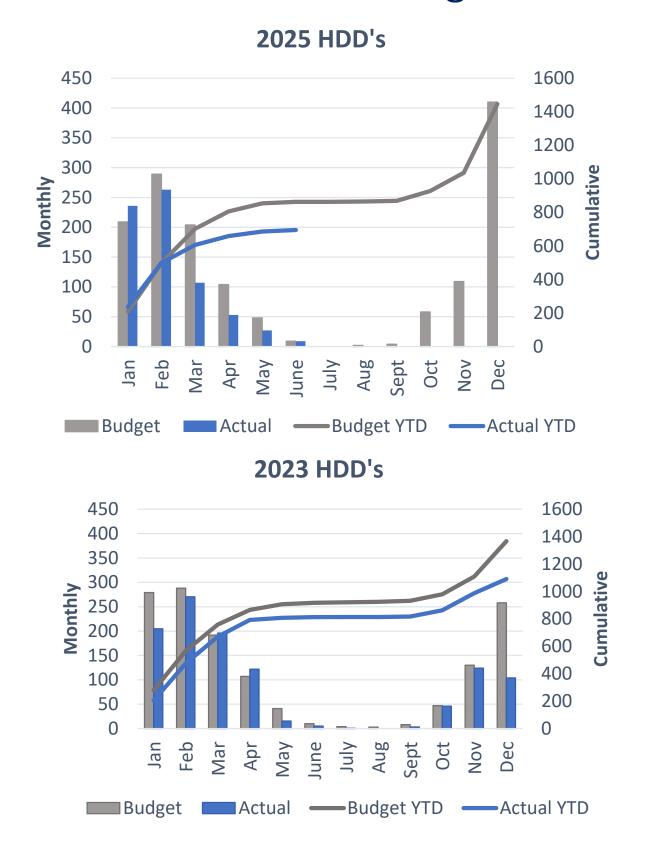

OPALCO 2025 Financial Package under separate cover.
